

### **Registration**

Participants of the bike trips offered by CAMINO can only make reservations through the section "Reservations" located on our web being this effective after payment. Bad weather will not be necessarily a reason for suspending the activity, except in extreme cases to be determined by the operator. All the participants in the activities of CAMINO have an insurance covering the accidents that may occur during the course of the trips (see pdf).

### **Reservation**

The formalization of the reservation will be with the bank deposit of 25% of the total activity, with a minimum of 30 days advance to the start date of the route. The remaining amount will be effective at least 15 days before the start date of the term. If the booking is effective less than 15 days before the start it will be charged in a 100 % of total. The consumption and costs of services not included in the signing bonus, shall be borne and paid by each client.

### **Cancellations**

If the cancellation is made 15 days in advance will be refunded the advanced amount. If the cancellation is made with a time of between 7 and 15 days will be refunded the 50% of the amount advanced. If the cancellation is made in advance less than 7 days the integrity of the advance amount will be lost. The refund will be complete only in the case that due to the weather conditions are extreme and involve a high threat on the course, terms to be decided unilaterally by the organizers of the route.

### **Abandoned**

Should a participant need to leave for any reason, you must notify the organization. When removing the registration to begin the route will detail the procedure to be followed by every traveller. In case of abandonment during the course of the journey the full or partial amount of the inscription is lost. The organizers will make the transfer of the traveller and his bike, and will be transferred to the nearest point available for his/her safety or preferences.

### **Breakdown cover**

Should be required roadside assistance breakdown or physical problems, the organization has the infrastructure to support the corridor. If assistance is due to a serious mechanical problem or requires replacement parts, the traveller must assume his/her own assistance. Participants are required to review their bikes thoroughly before moving to begin the route, and also a basic review after each day is recommended. The assistance or replacement of gear and specific parts is not guaranteed on every part of the trip. All establishments affiliated with CAMINO have specific and secure bicycle spaces for customers. However both the organization as establishments are exempted from any responsibility for damage or theft that may occur along these day throughout the tour.

### **Recommendations**

Participants of the bike trips with CAMINO are reported that the route is aimed at cyclists of a medium average profile, with good physical conditions and regular cycling users. It is mandatory to have the personal bike gear in good conditions. It is advisable to carry technical wear kit, front light, mountain whistle as well as a tool kit antipuncture. The choice of material and to transport packages is important for planning and economizing the trip. It is recalled that the organization allows a maximum of 15 kg in personal baggage per rider. It is recalled that many parts of the trip crosses through natural parks, places with unique flora and fauna in the area, so maximum respect for the environment is required by the participants.
